Vision

The electrical energy that flows through our wire and cables is an essential source that drives the world forward, develop economies and improve lives and livelihoods.

Our vision is to become **The Regional Leader** in sustainable electrical energy generation, transmission and distribution.

We will develop technologies through continuous innovation to pioneer industry leading energy solutions that will always deliver maximum benefit to our customers and all of our stakeholders.

Sompong Nakornsri

Mr. Sompong Nakornsri

President & CEO

Timeline

1964
Established in August
First Factory in
Samut Prakan Province

2000
Fire Testing Laboratory
TIS17025 Cables Understand
Fire Conditions

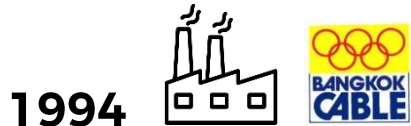

2014
BCC's 50th Anniversary
Started production of 132kV
Underground Cables

2019
Established the 2nd Shielded
Room for **High Voltage**
Withstand Test

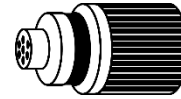

2023
Moving toward to
Sustainable Growth

1994
Established **Second Factory**
in Banpho District,
Chachoengsao Province

2011
Installed Extruder For Production
of **High Voltage Cable** of up
1,200 sq.mm

2018
Installed Extrusion line
for **115kV Underground Cables**

2020
Established the **Third Factory**
to support production of High Value
added products.

2024
BCC's 60th Anniversary
Started production of 230kV
Underground Cables

Factory Location and Country Wide Distribution

Head Office (BCCHO)

Samut Prakan Factory (BCC1)

Chachoengsao Factory (BCC2)

Major dealers / Distributors

Bangkok / Chiang Mai / Kanchanaburi
Suphanburi / Khon Kaen
Nakhon Ratchasima / Ratchaburi / Chonburi
Surat Thani / Phuket / Pattani / Yala
Over 200 dealers throughout the country

Products Portfolio

Copper Electric Wires and Cables

- Building wires and cables
- Low / medium / high voltage power cables
- Flexible wires and cables
- Bare conductors
- Photovoltaic wires and cables
- Underground cables

Aluminum Electric Wire and Cables

- Low / medium / high voltage power cables
- Bare conductors
- Overhead cables and wires

Control and Instrumentation Cables

- Twisted cores, pairs, triad, quad cables
- With or without individual shield
- With or without overall shield
- With or without armour
- Anti-termite, Vermin Proof, Low smoke, halogen free jacket (optional)
- Fire resistant, flame retardant (optional)

Products Portfolio

Flame Retardant and Fire Resistant Cables

- Flame retardant cables
- Fire resistant cables

Electronic Wires and Cables

- UL, CSA approved lead free single core wires
- UL approved multi core/pair interface cables
- Lead free PVC insulated flexible cords and wires
- Coaxial cables
- Automotive wires

Telecom Wires and Cables

- Indoor telephone wires and cables
- Outdoor telephone wires and cables

The 'Living Connected'

We are a bridge for the future, connecting people with power.

No Cable No Pwer
