Raising the Bar

Advancing Thailand's Industry Standards and Collaboration

สมาคมการค้าผู้ผลิตสายไฟฟ้าไทย
TRADE ASSOCIATION OF THAI CABLE MANUFACTURERS

A Unified Vision for Thailand's Cable Industry

Founded by Thailand's Leading Cable Manufacturers

With a shared commitment to:

- *Advance national standards*
- *Strengthen collaboration*
- *Promote responsible manufacturing*

To ensure that the cables powering Thailand's infrastructure are safe, high-quality, and built for a sustainable future

Pillars of Progress

Core Missions

Advancing Industry Standards

Ensure the highest levels of product quality, safety, and regulatory compliance

Promote Responsible Manufacturing

Support responsible manufacturing practices and educate end users with accurate, accessible information on safe cable usage

Foster Strategic Collaboration

Work with national and international organizations to develop cable standards, installation guidelines, and best practices

Drive Innovation & Competitiveness

Enhance global competitiveness through research, knowledge-sharing, and cross-industry collaboration

Represent the Industry

Engage with government agencies, regulators, and international partners as the unified voice of Thailand's cable manufacturing sector

Regional Vision & Global Ambition

Thailand is well-positioned to become a regional leader in quality cable manufacturing

Regional Alignment

Co-develop regional standards with neighboring countries

Infrastructure Advancement

Support ASEAN's infrastructure development through cable innovation

Global Competitiveness

Elevate Thai products to meet global benchmarks and gain international trust

Strength in Unity a New Era of Collaboration

Memorandum of Understanding Signing Ceremony

Wednesday 17th September 2025 | Hall EH103, BITEC

ATCM & MCMA signed MoU on 17/9/2025

Building Regional Synergy in Cable Manufacturing

Areas of Cooperation

- Technical knowledge sharing & certification best practices
- Joint updates and sharing of international standards
- Sharing of cable laboratory services
- Facilitate trade & investment opportunities
- Joint conferences, seminars, training
- Collaboration on research, innovation & sustainability
- Regional & international standards alignment
